

A man and a woman are shown in a kitchen, focused on preparing dough on a table. The man, on the left, has a beard and is wearing a dark t-shirt. The woman, on the right, is wearing a light-colored shirt and a dark apron. They are both looking down at their hands as they work with the dough. In the background, there are shelves with various kitchen items and containers. The overall scene is lit with a soft, natural light, and the image has a slightly desaturated, teal-tinted color palette.

IL PANETTONE

A BIT OF HISTORY

Panettone is known worldwide as a traditional Italian sweet bread that is usually enjoyed during the Christmas and New Year Festive Season.

ATIPICO's PANETTONE is prepared following the original Italian recipe using our in-house nurtured "lievito madre" and carefully selected raw ingredients: premium butter, Madagascar vanilla, bread flour, salt, egg yolk, sugar and honey.

A long double rise is used to get an extraordinary soft texture and a fragrant product. Our Panettone is free from preservatives and artificial flavourings.

While it can stay fresh for a couple of weeks with careful storage, we recommend enjoying it as soon as possible to savour it at its peak. For optimal freshness, please keep it in its original plastic wrapper, stored airtight in an air-conditioned room or a wine chiller.
